

BUILDING SPACES THAT SUPPORT YOUR MISSION

Construction Solutions for Private Education

WDS

CONSTRUCTION

FACILITIES THAT SERVE FORMATION

At WDS Construction, we believe a school building is more than bricks and mortar – it’s a tool that enables you to live out your mission. As Christian and private schools continue to experience growth, space challenges often follow. That’s where we come in.

With a deep respect for your school’s purpose, WDS partners with leaders, boards and communities to design and build facilities that allow you to expand enrollment, launch new programs and steward growth faithfully.

Our Approach: Mission at the Center

Every expansion or new facility begins with your mission. We listen first, ensuring your building project supports who God is calling your school to be – today and tomorrow.

PLAN WITH PURPOSE

Align facilities with educational vision & long-term growth.

PARTNER EARLY

Engage WDS, architects & key stakeholders at the start.

BUILD WITH CONFIDENCE

Navigate budgets, timelines & challenges with a trusted team.

GROW WITH CLARITY

Steward resources & create spaces that multiply impact.

Your Mission, Our Commitment

We exist to provide for WDS Families and build communities through our passion for construction. For schools, that means walking with you through one of the most complex and rewarding leadership decisions you’ll ever face. In service to your mission, WDS works with your community to:

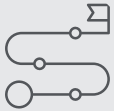

- Leverages decades of experience in school and mission-driven construction.
- Fosters a collaborative approach that keeps your board, staff and donors aligned.
- Ensures a proven process for budget stewardship and project delivery.

“You’re not building buildings – you’re building disciples. Our role is to make sure your facilities help you do that faithfully and effectively.”

TAILORED SOLUTIONS FOR SCHOOL

From concept to completion, WDS brings experience and clarity to every stage of school expansions.

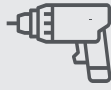

CAMPUS MASTER PLANNING

Create a strategic roadmap for growth.

NEW FACILITIES

Classrooms, fine arts, gymnasiums & specialty spaces.

RENOVATIONS & ADDITIONS

Maximize existing space & adapt for new needs.

STUDENT LIFE FACILITIES

Dining halls, gathering spaces & residence halls.

ATHLETIC FACILITIES

Fields, courts & training spaces.

SPECIAL PROJECTS

Tailored solutions unique to your mission.

Let's Start the Conversation

Whether you're beginning to dream or preparing to launch, WDS can help you move from mission to motion.

MARK BUTEYN

Director of Business Development - Private Education

Mark brings deep experience and a heart for Christian education to our team. After 26 years in the classroom and 16 as Head of School, he understands the challenges and opportunities schools face firsthand. Mark's faith-driven leadership and commitment to excellence guide WDS in creating spaces that support schools in living out their mission.

ALI ROTH

Preconstruction Manager

Ali guides schools through the critical early stages of their building journey. She works alongside boards, administrators and design partners to align vision, budget and schedule before construction begins. Her collaborative leadership ensures that every project starts with clarity and momentum, helping schools expand their facilities in ways that faithfully support their mission.

TIM ANDREW

Senior VP of Operations

Tim oversees WDS projects nationwide, ensuring every school facility is delivered on time, on budget and with excellence. He coordinates resources, navigates challenges and fosters clear communication among all stakeholders – so school leaders can stay focused on their mission of forming students while WDS builds the spaces that help them grow.

RICK SCHAALMA

Chief Estimator

Rick brings precision and stewardship to every project estimate. With years of experience in educational and mission-driven construction, he leads our estimating team in providing accurate, transparent budgets that give schools confidence to move forward. His commitment to clarity and excellence helps school leaders plan wisely and steward resources faithfully.
